

(Matt Worrell) had a family meeting at his and Nancy's home at which "Uncle Brian and Aunt Carrie Worrell and their two young children, Julian's cousins and John Worrell, Sr., Julian's paternal grandfather had been present. Julian said that at this alleged family meeting, "Daddy" made Nancy and them turn against "Mommy," referring to myself, Respondent, and went on to say he was very angry that "Daddy" called Mommy "fat, ugly, and stupid." Allegedly, "Daddy" (Matt Worrell, Petitioner) told the above family members that I would be calling about the home burglary in which Julian and I were robbed of everything of value (including my home computer, all my jewelry, stereo,). At the time I was still working twelve-to- sixteen hour days and supporting my son in a relatively high quality of living without child care or consistent child support when Julian and I lived right around the corner from where Nancy and Daddy currently reside in Lakewood Forest/Heatherwood at 14926 Sandy Creek Drive, Houston, TX 77070. According to Julian, Matt warned his family at this family meeting that if "Joni" called about the matter to find out what, if any role Matt played in the burglary, to "just say it isn't true."

Ms. Harvick gave me the false impression that that they (she and Sergeant Lilly) had investigated Matt Worrell, Petitioner, and were trying to make an arrest with my help. She told me to phone Sergeant Lilly immediately after hanging up with her on the same evening, which I did, to inform him I would be at the aforesaid location the following day as requested by Cheryl Harvick.
